### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Family Service Association of Northeastern Pennsylvania

We have audited the accompanying financial statements of Family Service Association of Northeastern Pennsylvania (a nonprofit organization) which comprise the statement of financial position as of June 30, 2017 and 2016, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies

used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Family Service Association of Northeastern Pennsylvania as of June 30, 2017 and 2016, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### Report on Supplemental Information

Hall - Mikalow Straub & Co.

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The combining schedules of activities by program on pages 12 and 13 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017 AND 2016

### NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### **Nature of Operations**

Family Service Association of Northeastern Pennsylvania (the Association) provides casework and clinical social work services to residents of Wyoming and Luzerne Counties, Pennsylvania. In addition, the Association operates the Help Line Program, and a program of supervised visitation of children with estranged parents.

Help Line is principally funded with resources from Luzerne County through a contract with the Commonwealth of Pennsylvania, Office of Human Services and must obtain contributions from other sources to cover the remainder of expenditures. This program provides a twenty-four hour information referral service to residents of Luzerne and Wyoming Counties, Pennsylvania.

### **Basis of Accounting**

The financial statements of the Association have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

### **Basis of Presentation**

Financial statement presentation follows the requirements of ASC 958 paragraph 205, "Not for Profit Entities Presentation of Financial Statements." The Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets. There were no temporarily restricted net assets as of June 30, 2017 and 2016.

### Tax Exempt Status

The Association has been recognized as exempt from income taxes under Section 501 (c) (3) of the Internal Revenue Code and similar state statutes. The Association has unexamined fiscal open tax years from 2014 to 2016. The Association is consolidated with the "Trustee" for tax purposes.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017 AND 2016

### NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### **Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Accounting for Contributions

All contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted support that increases that net asset class. When a donor restriction expires, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the statement of activities as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Association reports the support as unrestricted.

### Functional Expenses

Expenses are charged to each program based on direct expenditures incurred. Any program expenditures not directly chargeable are allocated to a program based upon certain percentages.

### Advertising

Advertising costs are charged to expense as incurred.

### Cash

For the purpose of the statement of cash flows, the Association considered all highly liquid investments with a maturity of three months or less to be cash.

### NOTES TO FINANCIAL STATEMENTS JUNE 30, 2017 AND 2016

### NOTE 1 – ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### Investments

FASB ASC Topic 820, "Fair Value Measurements" (SFAS No. 157) defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Association has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included in level 1) that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Association's own data.)
